B. Administration and Problems

Records Management Section - Four sessions of the Records Management Training Program were held in April with an additional four scheduled for May. The attendance at the April sessions averaged 81. Tentative plans for additional training include; specialized courses in Form Management, Reports Management, Correspondence Management, File Classification systems and the writing of disposition schedules. Also, a series of training bulletins is being prepared which will cover the detailed procedure the Area records officers will need to know in getting their programs started. These items will be written up and reported on as Records Management Projects.

One notice regarding files standardization and another regarding standardization of files supplies are now being processed by the Regulations Control Staff.

A disposition schedule was prepared for the "housekeeping" records of the [redacted]. The schedule has been approved by the National Archives and was submitted to Congress for approval.

Records Center Section - A final layout for the [redacted] for use as a Records Center has been decided upon. [redacted] is proceeding with obtaining the security specification from the office of I&S and in getting estimates for the necessary remodeling to the building.

25X1 The present Records Center is completely filled. It appears that the [redacted] will not be ready for occupancy before Oct. 1, therefore some internal arrangement will be necessary for housing material which must be transferred from office space before that time.

Mail Control Section - The courier T/O was filled for for the first time this year. Releases were given 2 couriers who have had requests for reassignment since last January and May of 1952.

The two new mail trucks are now ready to be placed in operation as soon as the license plates are obtained and they have been inspected.

C. PROJECT STATUS REPORT

Project 1-53 - Records Management Survey of the Office
of the Director:

The survey report was submitted to the office
of the DDA. Pending a reply from that office,
no further action is contemplated.

Project 3-53 - Preparation of a comprehensive schedule
for the disposition of fiscal records.

This project is still being delayed as the result
of the assignment of the analysts to specialized
training duties and work on the Branch regulations.

Project 4-54 - Record Survey of the Office of Operations
(Project description sheet to be sub-
mitted later)

This project is still being delayed as the result
of the assignment of the analysts to specialized
training duties and work on the Branch regulations.
